

Mad River Woodworks

Mad River Woodworks considers Victorian millwork the peak of woodworking. We take pride in working with the fine materials and the graceful designs representative of Victorian architecture. We respect and appreciate Victorian achievements in woodworking. They create a friendliness, a warmth and a festivity unique to an era.

We take great pride in our products from the first moment that our library or our travels reveal a new design, to the time when our clients express their delight in seeing how our gingerbread spices up their home. One of our goals is to continue producing the precise designs and authentic patterns that allow architectural consistency and purity.

Be it special roof ridge treatments, or spandrils, moldings and brackets, our products used in applications to both the outside and inside of your home, enhance it and make your home a showcase.

Gable Top End Treatments

A gable treatment will adorn the pitch of your roof.

Choose from our replicas or send us a drawing for a custom quote.

Gable End Treatments

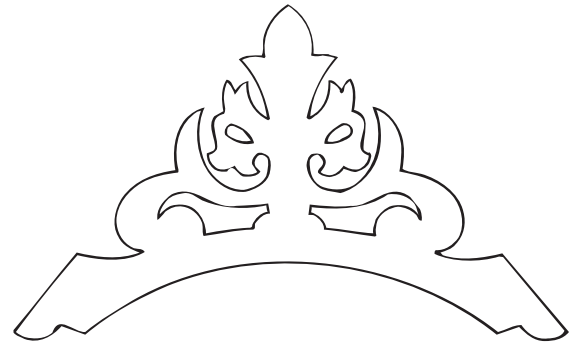

Gable end treatments are typically made with a 3' or 6' leg, but custom lengths are available.

Pitches less than $7/12$ may not work with some ornaments.

Because gable treatments are custom made to your roof specifications, when ordering please supply us the information from either diagram at right.

Sunburst Ornaments

Sun burst ornaments are a wonderful way to accentuate a door or window header.

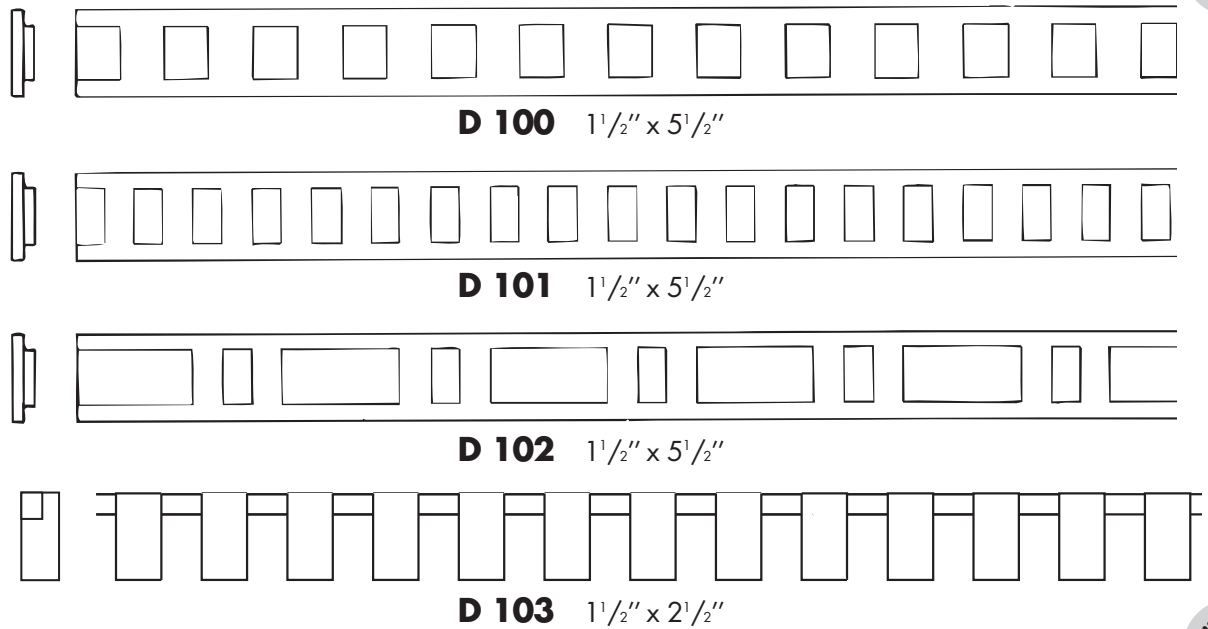

Roof Ridge Treatments

Accentuate your roof line by using our classic roof ridge treatments, once thought to denote the spine of a dragon.

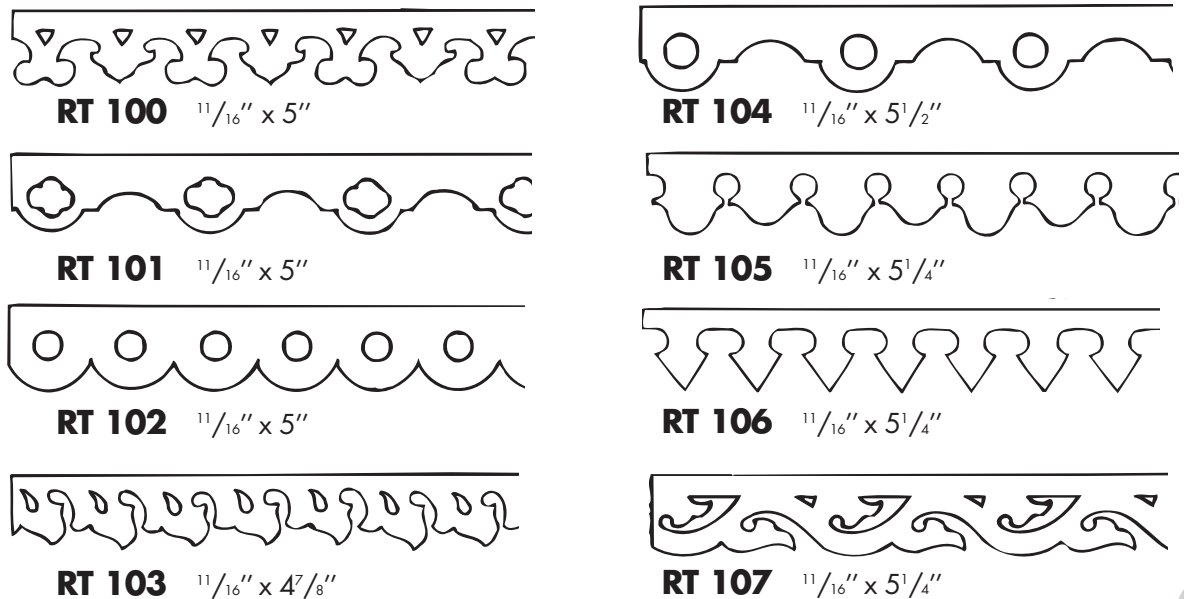

Dentil

Dentil is used to augment the eaves of a pitched roof and to connect corbels as a continuation of the gingerbread theme.

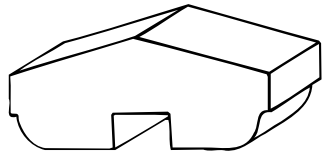

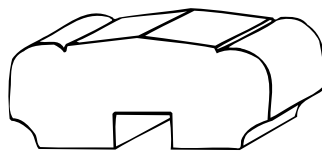

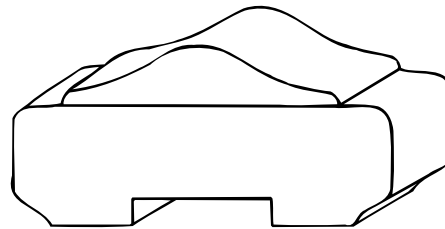

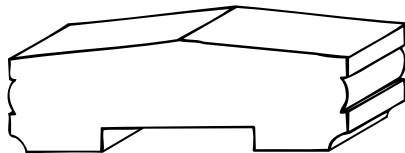

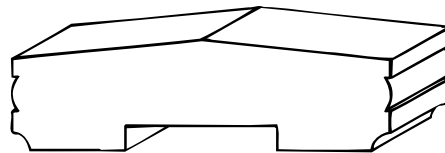

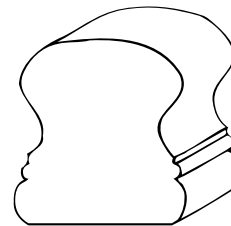

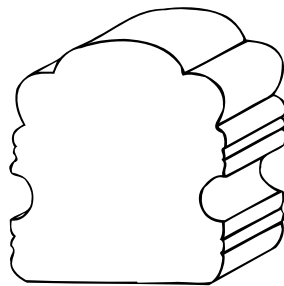

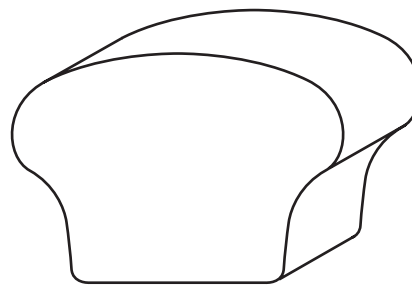

Running Trim

Running trim is a whimsically pleasing treatment for your gable and fascia boards.

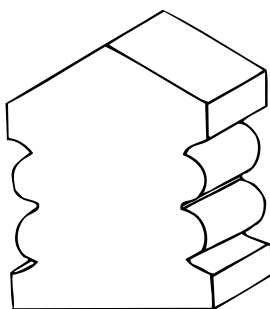

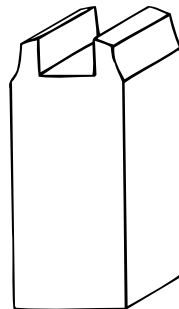

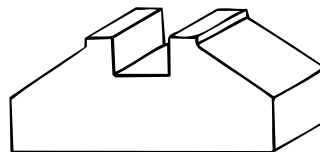

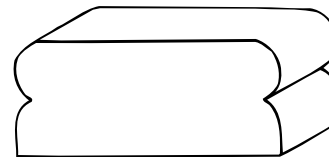

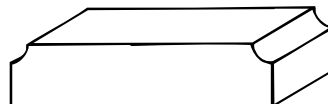

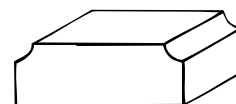

Hand Rails

**TR 101** $1\frac{1}{2}'' \times 3\frac{1}{2}''$ **TR 102** $1\frac{1}{2}'' \times 3\frac{1}{2}''$
(Optional size $4\frac{1}{2}''$)**TR 103** $2\frac{1}{8}'' \times 5''$ **TR 104** $1\frac{1}{2}'' \times 4\frac{1}{2}''$ **TR 105** $1\frac{1}{2}'' \times 5''$ **TR 106** $2\frac{1}{2}'' \times 2\frac{1}{4}''$ **TR 108** $3\frac{1}{4}'' \times 2\frac{13}{16}''$ **TR 110** $2\frac{1}{4}'' \times 3\frac{3}{8}''$

Dado trough and rail width are adjustable to meet your baluster specifications. We recommend priming trough with a high quality oil base primer. Custom patterns and sizes are available. Please call for prices.

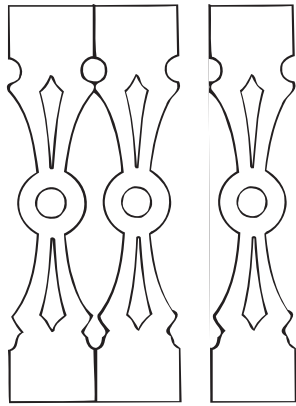

Bottom Rails and Rail Fillet

 $\frac{3}{4}'' \times 3\frac{1}{2}''$ **FIL 101**
 $\frac{3}{4}'' \times 2\frac{1}{4}''$

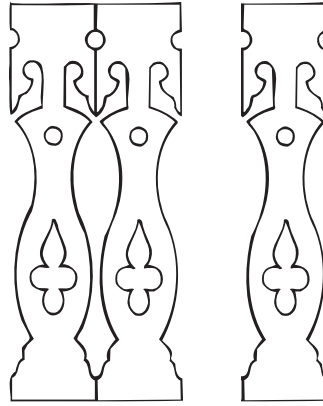

Sawn Balusters

To help trim decks, porches, balconies and stairways with Victorian charm, we offer sawn baluster designs that reflect the originals. We use kiln-dried redwood in our balusters for longevity. Please note, balusters are sold separately, not in pairs.

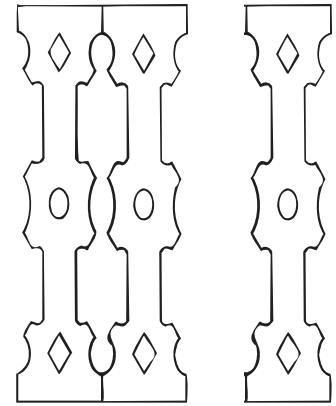

All sawn balusters are $1\frac{1}{16}'' \times 5\frac{1}{4}'' \times 27'', 30'', 36''$

Turnings - Post Finials

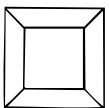

Our turned products are crafted from solid stock or, when necessary to obtain full dimensions, laminated. Our turnings add a richness to your surroundings that will make you the envy of your friends and neighbors. They will be unique to you and not the mass produced versions commonly found in most lumberyards.

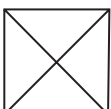

Turned Newels and Newel caps

**NC 102**

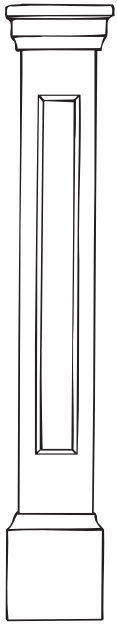

1 1/2" x 7 1/4" x 7 1/4"

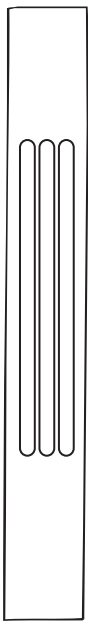

Sawn Newels and Porch Posts

Newels and porch posts offer that "welcome home" feeling. Custom orders are gladly accepted. When ordering newels and posts, we need to know the overall height, the height to the top of your hand rail, and how far from the top of the newel or post you wish the turning to begin.

MAD RIVER WOODWORKS

This area has been provided to assist you in the design of your project. Use this area to trace a molding sample for Mad River Woodworks to duplicate or use the area for layout purposes.

Policies

Shipping and Handling

- Minimum shipping and handling cost is \$10.00. Call for special price based on order.
- Since most orders require special attention, we recommend that you order items in advance of the actual scheduled installation time. Customary time of processing varies from 1 – 10 weeks in house. Please allow an additional 7 – 10 days for shipping.
- Please call for quotes on shipping of oversized items. Call for special quotes if shipping outside the continental United States.
- Please inspect your package **as soon as you receive it!** If there is damage resulting from negligence by the shipper you **must** file your claim immediately and save all packing materials and damaged product for inspection by the shipper. Also let us know of any damage as soon as possible so that we can help resolve any problems should they occur.
- We take great pride in our product and want you to be satisfied. If you are dissatisfied, let us know before installation **within 30 days of receipt** of your order. If a refund is in order, we will gladly return you remittance, less a 25% restocking fee, after inspecting the product. There are no returns on any products that have been primed or finished or modified. With respect to custom orders for sizes or items not in the catalog, we are unable to refund any portion of your payments.

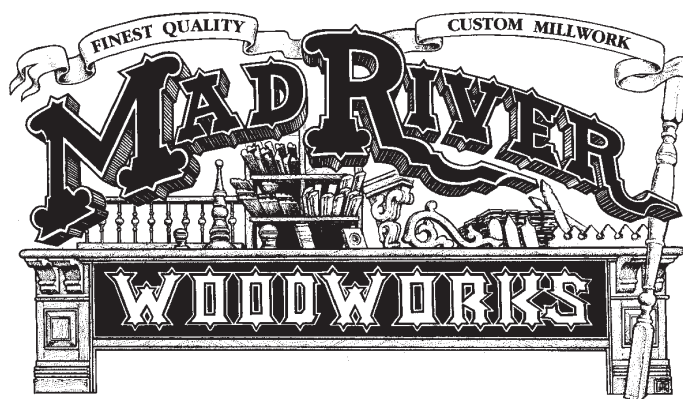

Materials

- Due to conditions beyond our control, some material dimensions called out in this catalog may have been reduced in thickness e.g. 3/4" = 11/16".
- For exterior use, all sides should be covered with one to two coats of a high quality oil base primer prior to installation. The primer will lock the tannin in to allow an unblemished top coat.
- Our shop-sanded, ready-to-finish millwork incorporates quality craftsmanship and only the best materials available.
- To aid us in achieving your satisfaction when ordering, please supply the following information:
 - 1) Are your items for interior or exterior use?
 - 2) Will your items be painted or stained?

Payment

- For orders exceeding \$750.00, we require a 50% down payment, with balance due before shipment.
- For orders below \$750.00, please send payment in full with your order.
- Telephone orders are gladly accepted if paying with MasterCard, VISA or Discover.
- In California, add the appropriate sales tax to the final total.

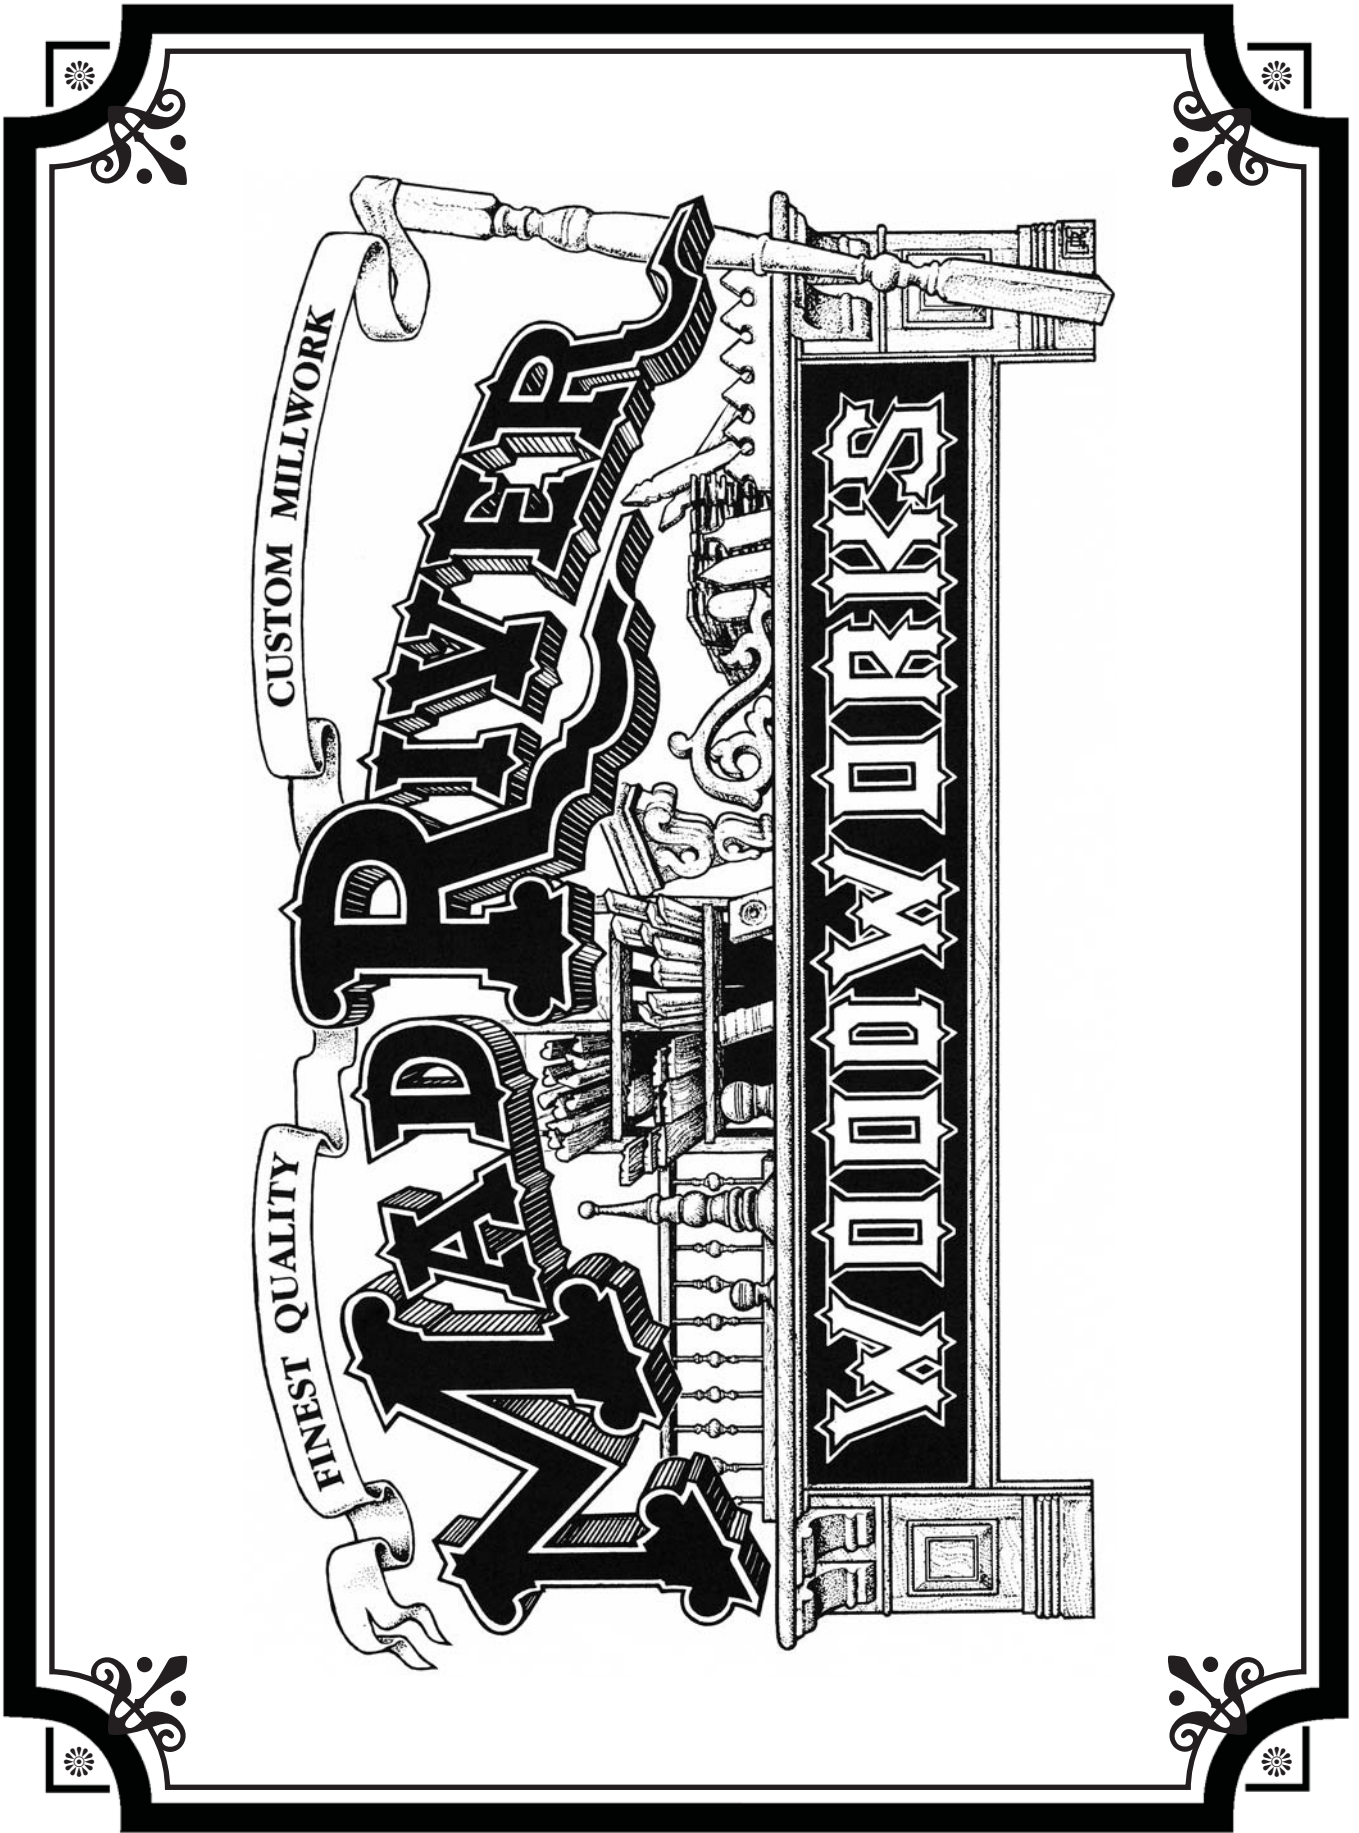

Please send us a photo when your job is done and let us know how your project went. We delight in knowing that we've been of service to you.

Anatomy of a Victorian

Historians claim that Victorian home owners used the addition of gingerbread to denote social status. It seems the more gingerbread your house boasted of, the higher your social station. Ah, those Victorians!

The great virtue of our product is that it is crafted to fit your needs. Architects specify our product on their projects. Carpenters suggest our work to the homeowner. Do-it-yourselfers are proud to install our goods. We take special gratification from your praise since good service and quality of product is our goal.
